

Tool: NRV 1/4" Test**Item numbers covered by his datasheet**

530530 Tool: NRV 1/4" Test Flow

530531 Tool: NRV 1/4" Test No Flow

General

Used for testing non-return valve, in the flow and no flow direction, by using the pressure from the APTB Tool 0-100 bar

Specifications**Materials**

Handle: Anodized Blue Aluminium

Adapter: Brass

Dimensions

Handle: Ø38 x 22 mm

Adapter: 42 mm

Pressure [MPa]

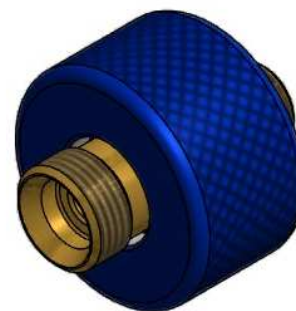

Work 0-100

Thread connections

ISO228/1-G1/4" to the non-return valve and ISO228/1-3/8" to the APTB Tool 0-100 bar

Flow way

Ø6 mm

**Marking**

530530 Tool: NRV 1/4 Test Flow, Fire Eater logo, lot no.

530531 Tool: NRV 1/4 Test No Flow, Fire Eater logo, lot no.

Installation

Tighten only by hand

Operating

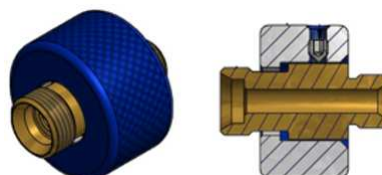

The non-return valve is connected to the 1/4" thread on the tool (flow or no flow), and pressurize it with the APTB Tool (part no. 305148). For a description of the use of the APTB tool, consult its respective datasheet.
