

IM7 Manual actuator for IV7 valve

General

The actuator is a Ci IM8 actuator with an adapter disc which is used to modify the IV7 valve to adapt for the IM8.

Parts

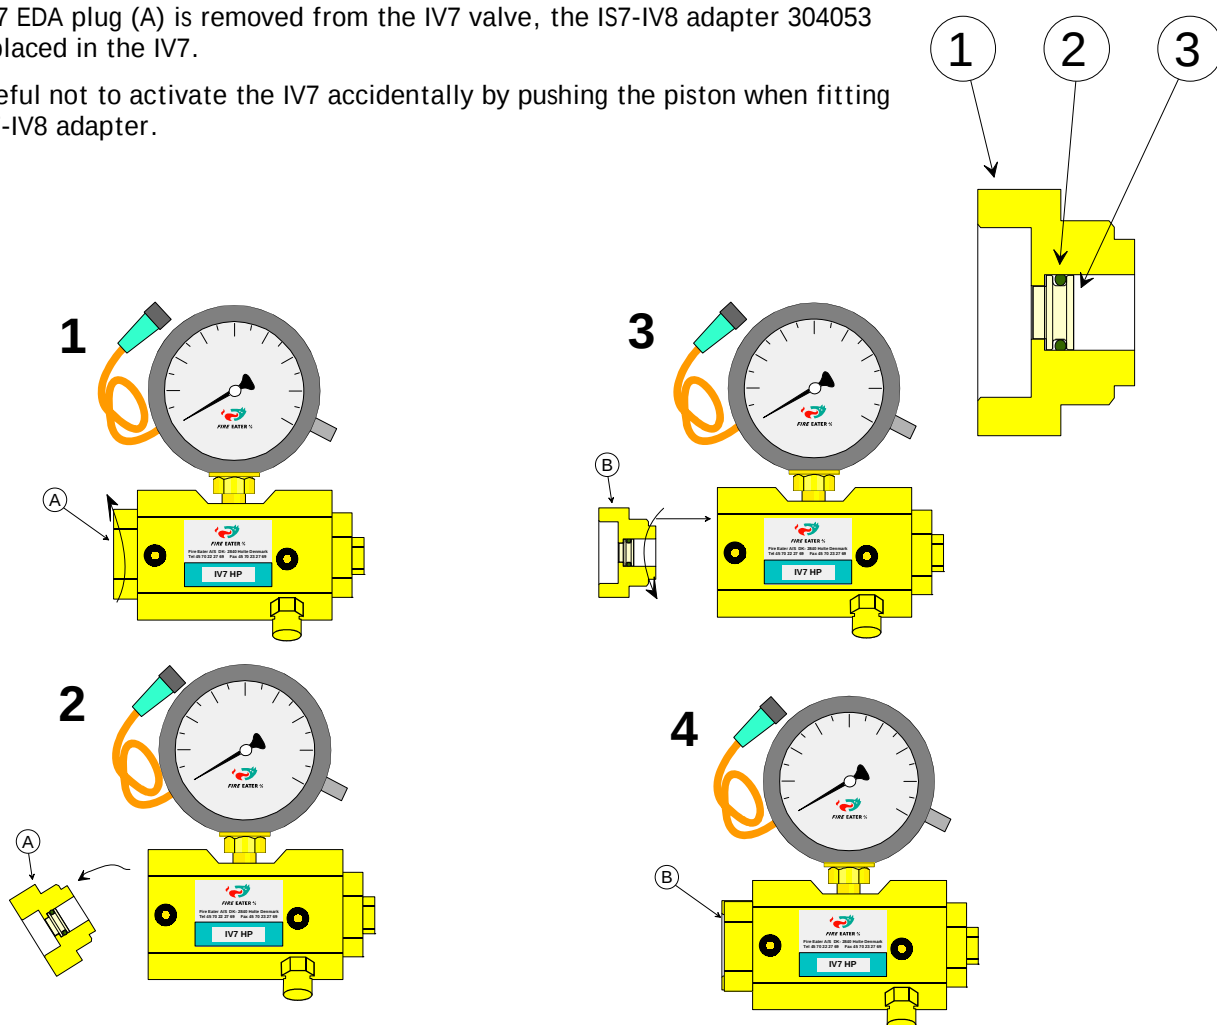

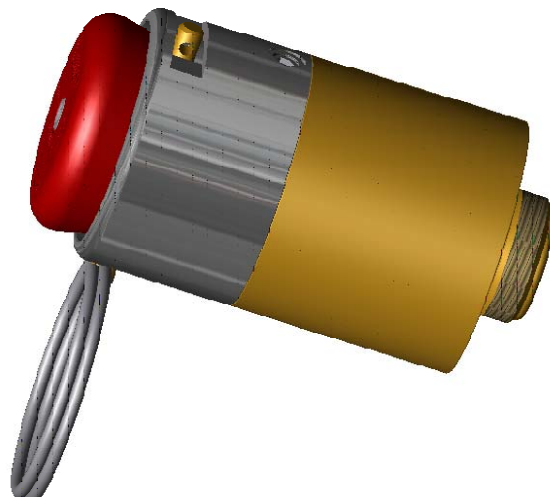

- | | | |
|----|--------|-----------------------|
| 0. | 305442 | See data sheet 305442 |
| 1. | 304053 | IS7-IV8 adapter |
| 2. | 302104 | O-ring 7.1×1.6 |
| 3. | 303067 | IV7 EDA piston |

Installation

See also data sheet 305442 for the actuator.

The IV7 EDA plug (A) is removed from the IV7 valve, the IS7-IV8 adapter 304053 (B) is placed in the IV7.

Be careful not to activate the IV7 accidentally by pushing the piston when fitting the IS7-IV8 adapter.
