

IS7 Solenoid actuator for IV7 valve

General

The actuator is a Ci IS8 actuator with an adapter disc which is used to modify the IV7 valve to accept the Ci IS8.

Parts

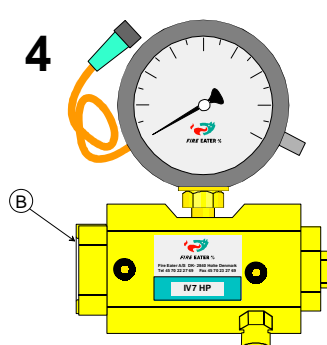

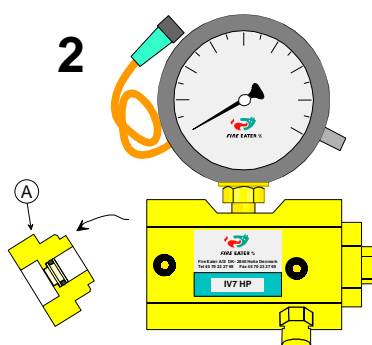

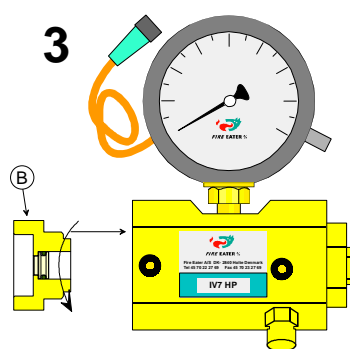

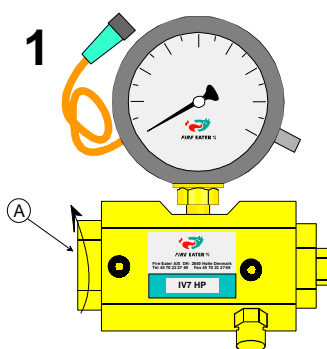

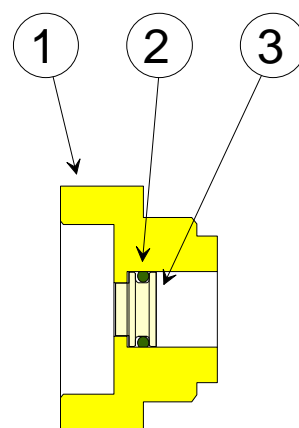

- 0. 305450 See data sheet 305450.
(305451 with manuel release can also be used).
- 1. 304053 IS7-IV8 adapter
- 2. 302104 O-ring 7.1×1.6
- 3. 303067 IV7 EDA piston

Installation

See also data sheet 305450 for the solenoid.

The IV7 EDA plug (A) is removed from the IV7 valve, the IS7-IV8 adapter 304053 (B) is placed in the IV7.

Be very careful not to activate the IV7 accidentally by pushing the piston when fitting the IS7-IV8 adapter.
