

Ball Valve 3w - Monitored

Item numbers covered by this datasheet

301348 Valv Ball 3w - Monitored

General

3-way Ball Valve assembly with 2 switches for monitoring position of valve handle.

Specifications Valve

Valve type: 3/2

Temperature: -20°C/60°C

Materials: Steel

Pressure: max. 40 MPa

Thread connections: 1/4 BSP

Pipe connections: Compression fittings $\varnothing 6$

Electrical specific.

Voltage Rated: 250 VAC

Current Rated: 10A

Cable connection: Terminal

Degree of protection: IP67

Contact Form (COM) 1, 2 (NC), 4 (NO)

Standards & approvals

Electrical Switch approved by UL, CSA, and CCC
